Address: 271-273 Warnervale Rd, Hamlyn Terrace, NSW, 2259

Choosing an early learning centre is an important decision.

Hamlyn Terrace Early Learning centre is a new family run long day care. The owners are passionate professionals who will be onsite to ensure the highest quality care and education.

Every child has a unique set of needs and talents and we care about your children reaching their potential, at their own pace and believe that children learn best through play that excites, that embraces challenges, is fun and scaffolded using educational frameworks. It is the educators role to guide, support and challenge children by using intentional teaching strategies.

Hamlyn Terrace Early Learning Centre recognises that families are the child's first most influential teachers and we are committed to building genuine relationships with all our families. We are an Reggio Emilia inspired centre and firmly believe that it takes a village to raise a child. We welcome and value all families and invite all parents to make contributions to all aspects of it's operation and we will celebrate our differences and value the traditions and insights that we can share.

Rooms & Pricing

Joey Room

Age: 6 weeks - 1yr

Price: \$150.00 per day

Our focus in the Joey's room is to foster security in our infants & building strong relationships and sense of security. There is a large outdoor deck that will have an area that is exclusively theirs to play on. This area will be developmentally appropriate and promote play and exploration around a natural setting. Our educators will be carefully selected for their warm and caring natures along with experience with young children.

Koala Room

Age: 1 - 2 yrs

Price: \$150.00 per day

Our focus in the Koala room is to nurture the curiosity of the children while they develop their identity and interests. The large outdoor deck will be utilised to foster their developing needs to move, play and explore. Daily programs will be used to provoke learning, doing so in a warm and nurturing environment. Learning through play will be a strong theme in this room.

Platypus Room

Age: 2 - 3 yrs

Price: \$150.00 per day

Our platypus room for toddlers will provide a warm and caring environment and the focus will be building and maintaining relationships, self-help skills, language and developing independence. These are the times that we want to instil a love of nature, the importance of our place in this world and that kindness is strength. We will provide opportunities for self expression and educators will be their positive role models. When children enjoy positive interactions, they develop positive self-esteem.

We will offer programs that promote curiosity and spontaneous learning so the children can develop and learn at their own pace, through their own interests. Children learn best when they explore, create, imagine.

Echidna Room

Age: 3 - 4 yrs

Price: \$148.00 per day

Our echidna room is a place where the children have become active learners & investigators, problem solving will be encouraged and become exciting for them. This is where our experienced educators will scaffold on existing knowledge and skills, to introduce new concepts and ideas. Our program will be delivered in a way that promotes pride and patience while they are engaged in activities. The outdoor environment will have exciting areas for exploration and play.

Wombat Room - School Readiness

Age: 4 - 5 yrs

Price: \$148.00 per day

Our wombat room is our school readiness room and we like to do things a bit differently. This will be where we merge the Early Years Learning Framework with the National Curriculum, adjusting our teaching methods so they align. This will help your child develop skills and knowledge that they will need for "Big School". Our transition to school is designed for the children to seamlessly integrate into school life. We will achieve this through developing social, emotional and self-help skills. Our Educational Leader will be in consultation with local kindergarten teachers allowing us to deliver a curriculum that will further align and support their transition to "Big School". This is a separate onsite building.

Nappies

Breakfast before 7:30am

Morning Tea

Lunch

Afternoon Tea

Room Progression

Room progression is based on your child's date of birth, and when they will be transitioning to primary school. Hamlyn Terrace Early Learning Centre understands that every child progresses and achieves milestones at different rates and have different strengths and interests. To support this, our educators are trained to identify key milestones in order to effectively navigate and progress your child through key areas of development. Our program is based around the children's interests and their learning styles. For this reason we implement and support Howard Gardeners theory of multiple intelligence, among others.

Child Care Subsidy

Follow the link below for further information regarding child care subsidy (CCS).
